AQUILEGIA LONG SPURRED HYBRIDS

Bassi Frères INC.
de Paris

478 MAIN STREET

NEW ROCHELLE 8700

NEW ROCHELLE, N. Y.

At our Store on Main Street in New Rochelle:

SEED DEPARTMENT—Vegetable and flower seeds, Spring and Fall bulbs, Annual and Perennial plants, Fertilizers, and Insecticides, Tools and Accessories.

FLORIST DEPARTMENT—Where you may order your personal flowers or for your friends at home and abroad. Corsages, Wedding Bouquets, Party and Reception Decorations.

AQUATIC DEPARTMENT—Here we carry a complete line of Pool Fish, Hardy and Tropical Lilies, Marsh Plants, and all other material required for outdoor pools. In our conservatory we have a complete line of **Tropical Fish** and Accessories.

Our entire organization, which we believe is the most complete Horticultural service, is at your command.

Quality of merchandise and service are paramount with us, and on these two essentials our success is measured.

Bassi Freres
de Paris

TO OUR MANY FRIENDS

The Firm of Bassi Freres takes pleasure in presenting to you our new catalogue which will serve as a guide in selecting choice flowers and vegetables. It will assist you in planning your garden and will help you to realize the beauty and joy which you will derive from your outdoor living room during the coming season.

We will endeavor to serve you this year, as always, with the best of merchandise from our various departments.

At Boston Post Road in Larchmont:

LANDSCAPE DEPARTMENT—The planning and execution of your grounds in this department is carried out to your entire satisfaction. Lawn-making, Planting of Borders, Formal Gardens, Rock Gardens, Making of Pools, Foundation Planting, etc.

PERENNIAL DEPARTMENT—Here we grow every conceivable variety of hardy plants, both for the hardy perennial border and rock garden. A choice collection of Tea and Perpetual Roses, Climbing Roses, and Vines.

CONSERVATION DEPARTMENT—We have highly trained men who know the proper care of trees, feeding, spraying, pruning, and surgery.

GREENHOUSE DEPARTMENT—Fifty-thousand square feet of glass give us considerable room to grow our Christmas and Easter plants, besides all our Annual plants for bedding in the Spring, and stock plants for your home and for those who have a small conservatory which requires novelty plants.

TERMS

No-Warranty. In accordance with the custom of the Seed Trade, and while we take every precaution and care to maintain high quality merchandise, we, BASSI FRERES, give no warranty, express or implied, as to description, quality, productiveness or any other matters of any seeds, bulbs, or plants, we send out, and will not be responsible for the crop.

Delivery. We prepay delivery in the United States on all grass, flowers, and vegetable seeds, bulbs and tubers, by parcel post, freight, express, or our own truck, at our option. Insecticides and Fertilizers are shipped F. O. B. New Rochelle

Local Delivery. Our free deliver service covers New Rochelle, Larchmont, Scarsdale, White Plains, Bronxville, Mount Vernon, and the Pelhams, but we do not guarantee to maintain a daily delivery to these points.

Prices. We are not bound for any definite time or quantity by the prices quoted in this catalogue, and they are subject to change without notice.

Remittances. Should be made in form of Draft, Check, or Post Office Money Order. Personal checks of persons unknown to us must be certified. For amounts up to one dollar, clean unused postage stamps will be accepted.

THE TURF

The lawn is a problem that is always with us. Few lawns are good lawns if closely inspected, though most of them look well at a distance.

The foundation of a beautiful lawn is good Soil—Drainage—Food—Water and **Clean Seed**. If you have a special problem to solve, ask us about it. We may be able to assist in its solution. At least, we offer you the best in

BASSI'S LAWN GRASS SEED

PLEASE NOTE:

We are pleased to conform to the law lately enacted by the State of New York whereby all packages of Grass Seeds sold, for the protection of the Purchaser, must bear the formula of grasses contained. We are proud to say that all our mixtures invariably show superior grasses, and of high purity and germinating quality.

BASSI'S BEST

Compounded to produce a thick, velvety lawn throughout the season. It contains a large percentage of German Creeping Bent, and various other choice and most permanent grasses, adapted for this location; the finest procurable. 1 lb. will sow 200 square feet. Lb. 70c, 5 lbs. \$3.25, 10 lbs. \$6.25, 25 lbs. \$15.50, 100 lbs. \$60.00.

BASSI'S SPECIAL

This mixture is composed of re-cleaned grasses, correctly blended and is best suited for large areas and rebuilding of lawns. 1 lb. will sow 200 square feet. 1 lb. 55c, 5 lbs. \$2.50, 10 lbs. \$4.75, 25 lbs. \$10.00, 100 lbs. \$38.00.

BASSI'S GREENVUE

This formula, though not composed of the choicest varieties, will quickly produce a good turf. We recommend this grade of grass seed where the cost must be given chief consideration. 1 lb. will sow 200 square feet. Lb. 35c, 5 lbs. \$1.60, 10 lbs. \$3.00, 25 lbs. \$7.00, 100 lbs. \$25.00.

BASSI'S SHADY LAWN

Has been especially compounded to give a thick and velvety turf in shaded places where the usual mixtures do not thrive. This mixture is prepared from the highest and most costly seeds which are especially adapted for growing in shade. Lb. 70c, 5 lbs. \$3.40, 10 lbs. \$6.50, 25 lbs. \$16.00, 100 lbs. \$62.00.

for Velvety-green Lawns
feed regularly with this
complete, balanced diet

VIGORO
Complete plant food

To establish and keep a beautiful and healthy lawn it is necessary that you feed your grass at least 3 times a year. We highly recommend VIGORO, a well balanced fertilizer that will supply all of the nourishing elements the grass requires from the soil to grow deep, extensive roots and a thick turf. A well-developed root system is the best protection a lawn can have against disease and winter killing.

Apply 4 lbs. per 100 square feet. 25 lbs. \$1.50, 50 lbs. \$2.50, 100 lbs. \$4.00.

BASSI'S BENT LAWN GRASS

Comprising the finest Bent grasses with a small percentage of high grade re-cleaned Red Top to nurse the bent grasses to full maturity. We highly recommend this bent formula for those who desire a closely matted, rich deep green lawn, resembling Putting Greens. 1 lb. will sow 300 square feet.

Lb. \$1.25, 5 lbs. \$6.00, 10 lbs. \$11.00,
25 lbs. \$26.00, 50 lbs. \$48.00, 100 lbs. \$90.00

PUTTING GREEN

The same as our Bent Formula.

TERRACE SOD MIXTURE

This mixture consists of grasses of strong deep and spreading roots, which will stand drought and extreme heat. Due to washouts we recommend sowing of a small part of good clean seed oats which will germinate quickly and their extensive root system will aid in holding the soil in place. The first few mowings will eliminate the oat stems, but the roots will remain until the permanent grasses are established. 1 lb. will sow 200 square feet.

Lb. 70c, 5 lbs. \$3.25, 10 lbs. \$6.25
25 lbs. \$15.50, 100 lbs. \$60.00

GRASSES IN VARIETIES

German Mixed Bents. (*Agrostis* species) Long lived, spreading, fine leaved, slow maturing. Likes moist soils.

1 lb. \$1.90, 10 lbs. \$18.50, 100 lbs. \$170.00.

Seaside Bent. (*Agrostis maritima*) A creeping bent.

1 lb. \$1.60, 10 lbs. \$14.50, 100 lbs. \$140.00.

Canada Blue Grass. (*Poa Compressa*) For light sandy, clay or moist soils. Withstands hot weather, makes a coarse turf.

1 lb. 45c, 10 lbs. \$4.00, 100 lbs. \$35.00.

Fescue, Chewings New Zealand. (*Fescue Rubra Fallax*) Adapted to all conditions. Root spreading, long lived. Makes a satisfactory turf.

Lb. \$1.00, 10 lbs. \$9.50, 100 lbs. \$90.00.

Rye, Italian (*Lolium Italicum*) Short lived, excellent nurse grass.

Lb. 30c, 10 lbs. \$2.50, 100 lbs. \$23.00.

Kentucky Blue Grass. (*Poa pratensis*) Long lived, for well drained rich loam.

Lb. 45c, 10 lbs. \$4.00, 100 lbs. \$35.00.

Rough Stalked Meadow Grass. (*Poa Trivialis*) Spreading. Fine for shaded locations and if soil is kept sweet and well fertilized, will produce a permanent turf.

Lb. 55c, 10 lbs. \$5.00, 100 lbs. \$45.00.

Red Top. (*Agrostis Alba*) Excellent nurse grass. Lives 2—3 years. Never should be sown alone.

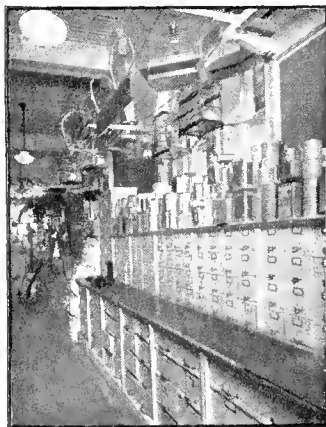

Lb. 45c, 10 lbs. \$4.00, 100 lbs. \$30.00.

Timothy. (*Phleum Pratense*) Tall and coarse. Suitable for Hay and Pastures.

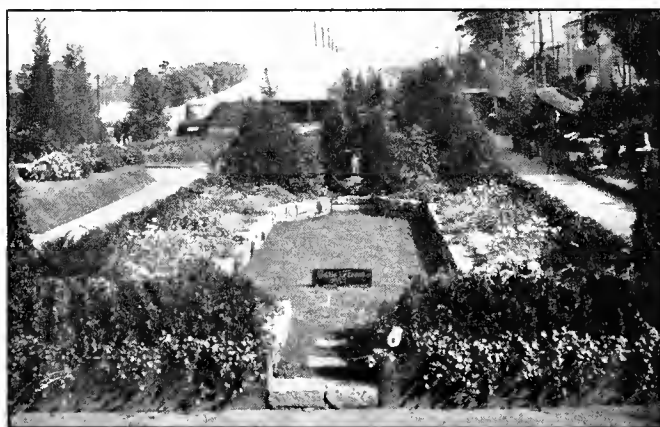

Lb. 25c, 10 lbs. \$2.00, 100 lbs. \$15.00.

White Clover. (*Trifolium Repens*) Quick growing, used in lawns. Distributes Nitrogen to other grasses.

1 lb. 65c, 10 lbs. \$6.00, 100 lbs. \$55.00.

HERE'S THAT "SOMETHING NEW"

LATEST INTRODUCTIONS

OF MERIT FOR 1936

Acroclinium New Large Flowered Double Hybrids

ACROCLINIUM

(Strawflower)—annual—New large double flowered hybrids. The double daisy-like strawflower so greatly improved over the old variety that it can scarcely be recognized as a member of the same family. Double flowers, on 12—18 inch stems, which are borne freely over a long period. Colors in salmon, apricot, pink, rose, cerise, white, and creamy tones to balance the pastel shades. Pkt. 25c, 5 pkts. \$1.00.

ANTIRRHINUM MAJUS TYPE RUST PROOF CALIFORNIA GIANT MIXTURE

(Snapdragon)—annual—This is the strain of Rust Proof Antirrhinum you have been waiting for. Even and compact in habit. The plants attain a height of 20—24 inches and bear long spikes of extra large florets with a full color range including exquisite shades of pink, rose, apricot, bronze, orange, light and deep yellow, scarlet, crimson, and white. This strain is an excellent all around type. Fine for border and cutting. Pkt. 25c.

ANTIRRHINUM MAXIMUM NEW RUST PROOF

(Snapdragon)—annual—A magnificent rust proof snapdragon with clean healthy foliage, huge individual flowers and flower spikes, growing to a height of 2½ to 3 feet. We are pleased to offer this year this variety in a complete color range.

Alaska—Pure White

Apple Blossom—Rose pink, yellow throat

Campfire—Luminous Scarlet

Canary Bird—Canary yellow

Copper Shades—From deep velvety coppery orange to coppery old gold

Pink Shades—Exquisite shades of Pink

Red Cross—Deep Crimson

Mixed—Various shades of the above.

All above each pkt. 25c.

ARMERIA FORMOSA

(Sea Thrift)—perennial—Large flowered hybrids. An improved variety of this well known rockery plant, with new and brighter colors of bright pink, coral red, light red tones, to violet and purple. The numerous large ball-shaped flowers are borne on strong, upright stalks 16 inches in height. Good cut flower. Blooms May and June.

Pkt. 35c, 3 pkts. \$1.00.

ARCTOTIS NEW HYBRIDS

(African Daisy)—annual—A sun loving plant from South Africa, which has been greatly improved. These new hybrids are very showy and include such beautiful shades of pink, red, orange, and yellow. Arctotis will bloom in two months from seed and grow from 2 to 2½ feet high.

Pkt. 25c, 5 pkts. \$1.00

ASTER AURORA GOLDEN SHEAF

(Wilt-Resistant)—annual—Deep yellow bloom of a good size, heavy substance and fine depth of petal. They are fully double with an attractive crested center. Excellent for bed, borders, and cut flowers. Pkt. 25c, 5 pkts. \$1.00.

ASTER LOS ANGELES SUPERGIANT

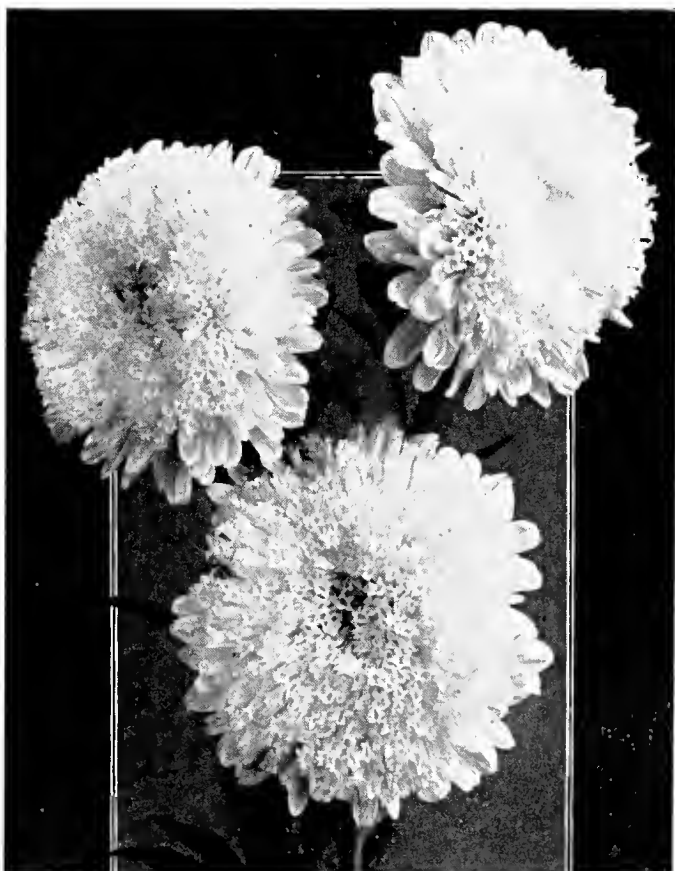

The first introduction in the modern Super Giant class. The flowers are fully double, 6 to 8 inches across, graceful and interlaced. Long stiff stems, flowers are borne smartly upright. Color shell pink. Pkt. 25c, 5 pkts. \$1.00.

ASTER SUNSHINE

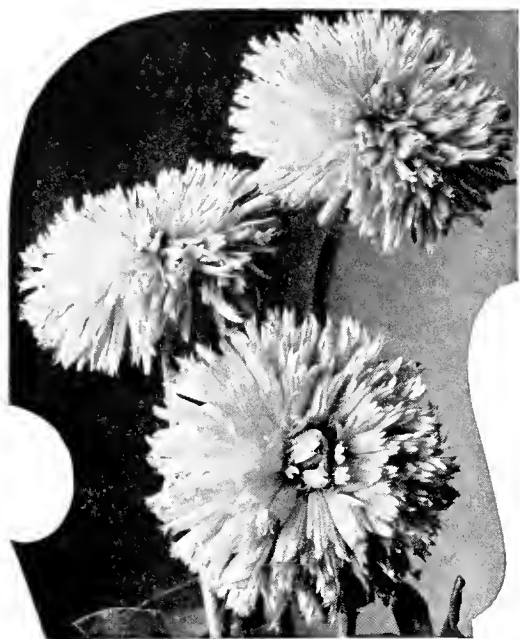

One is delighted and impressed by the striking beauty of this new strain of aster. The flowers are graceful and greatly enhanced by a cushion center of tiny quills of a contrasting color. Height 2—3 feet. Offered in the following colors.

Apple Blossom — **White** — **Light Blue** — **New Delicate**
Flesh Pink — **Rose** — **Mixed**

All above each pkt. 25c.

Aster Wilt Resistant Aurora Golden Sheaf

Calendula Orange Shaggy

CALENDULA ORANGE SHAGGY

Annual—Winner of the Gold Medal in the 1935 All-American selection. Interesting new lacinated petaled type, destined to become one of our most popular garden flowers. Deep orange in color, exceedingly graceful. Excellent cut flower. Height 18 inches. Pkt. 20c, 6 pkts. \$1.00.

CALENDULA PASTEL SHADES BEDDING MIXED

Annual—Designed especially for the home garden, this mixture contains a balanced combination of the lighter shades of Calendulas in the dwarfier types. Many new shades of apricot, cream, and white are included as well as the better known orange and lemon, and assorted types. Adapted for border and stems are long enough for cutting.

Pkt. 15c, 8 pkt. \$1.00.

COREOPSIS, DOUBLE SUNBURST GRANDIFLORA

Perennial—A pleasant change from the well known single form, retaining its beauty of color while augmenting its effect of brilliance. Double flowers $1\frac{1}{2}$ to 2 inches in diameter, of a deep golden orange. Pkt. 20c, 6 pkts. \$1.00.

COSMOS KLONDIKE

Annual—Grand champion gold medal winner 1935 All-American selections, choice of all judges. Bright vivid orange, very free flowering, early blooming and from 2 to 4 feet in height. Pkt. 15c, 8 pkts. \$1.00.

DELPHINIUM CLIVEDEN BEAUTY

(Belladonna Improved)—perennial—An improvement of the belladonna type with larger flowers and of clear light blue. Height 3 ft. Pkt. 20c, 6 pkts. \$1.00.

DELPHINIUM BELLAMOSA IMPROVED

Perennial—3 feet high. Large deep blue flower uniform in color with a white bee. Blooms $2\frac{1}{2}$ inches across, the result of ten years of careful selection. Pkt. 35c, 3 pkts. \$1.00.

GAZANIA SPLENDENS HYBRIDA GRANDIFLORA

Perennial—A very showy half hardy perennial which flowers the first year from an early sowing. Low growing, long stem, daisy-like flowers, brilliant shades of orange, yellow, cream, and white. Does best in a sunny location.

Pkt. 25c, 5 pkts. \$1.00.

IPOMEA DOUBLE ROSE MARIE

Annual—Is an early, free flowering, clear deep rose, double flowered morning-glory which makes quick growth. Well covered with flowers. Pkt. 20c, 6 pkts. \$1.00.

LARKSPUR STOCK FLOWERED ROSAMOND

Annual—The most distinct larkspur to be introduced in many years; bearing good spikes heavily covered with fully double flowers of pure deep rose self, holding well until out of bloom. Pkt. 25c, 5 pkts. \$1.00.

MARIGOLD DWARF AFRICAN LARGE QUEEN MIXED

Annual—A new strain of new dwarf African marigold growing in a pyramid form 18 inches high, each plant carrying thirty to forty flowers fully open at the same time. Very fine.

Pkt. 20c, 6 pkts. \$1.00.

MARIGOLD YELLOW SUPREME

Annual—Heralded as a companion to the popular Guinea Gold. Free flowering, about 2 feet tall, carnation flowered blooms of creamy yellow. Pkt. 15c.

MARIGOLD DIXIE SUNSHINE

Annual—Will be the sensational novelty of 1936. It will take the garden world by storm. A tall growing chrysanthemum flowered plant smothered with blooms on strong stems from August until Frost. Planted among Dahlia flowered Zinnias, Crimson Monarch, or purplish Canterbury Bells, the effect is most striking. Start indoors. Pkt. 25c, 5 pkts. \$1.00.

MARIGOLD MEXICAN DWARF ORANGE

Annual—It is unlike any other Marigold now known. Semi-dwarf, freely branched and flowered. Flowers are large, bright orange in color. Will become an outstanding Marigold this season. 15 to 18 inches high. Pkt. 25c, 5 pkts. \$1.00.

NASTURTIUM SWEET SCENTED

(Indian Cress)—annual

Double Golden Gleam. Introduced several years ago and it is still one of the favorites. Pkt. 10c, 1 oz. 40c.

Double Scarlet Gleam. Same habits as Golden Gleam but of an intense scarlet shade. Pkt. 20c, 1 oz. 50c.

Glorious Double Gleam Hybrids Mixed. The colors include salmon, golden yellow, orange scarlet, cerise, cream, orange, maroon, and crimson shades, as well as spotted varieties. Pkt. 20c, 1 oz. 50c.

Coreopsis Double Sunburst

Nasturtium Bodger's Dwarf Double Gem

NASTURTIIUM NEW DWARF DOUBLE GEM MIXTURE

Annual—Is composed of an evenly balanced range of colors; yellow, orange, scarlet, crimson, salmon, cerise, cream maroon, and spotted varieties, light and dark foliage, compact form, non running plants. Ideal for borders. Exhibited at San Diego Exposition and greatly admired.

Pkt. 20c, 6 pkts. \$1.00.

PHLOX DRUMMONDI NEW GIGANTEA ART SHADES

Annual—A new strain, flowers $1\frac{1}{4}$ to $1\frac{1}{2}$ inches in diameter. Wonderful range of colors; salmon with white eye, deep salmon with cream eye, appleblossom, soft rose, light blue, pale violet, and many other pleasing shades. Height about 9 inches. Winner 1935 All-American selections.

Pkt. 35c, 3 pkts. \$1.00.

VENIDIUM FASTUOSUM HYBRIDS

(Monarch of the Veldt)—annual—This strain though having the same characteristics as the deep orange first introduced has range of colors most pleasing; including apricot shades, creamy white, pure white, salmon shades, canary yellow, and the well known orange. Resists the heat better than the original type. Pkt. 50c, 3 pkts. \$1.25.

VERBENA NANA ERECTA VIOLET BOUQUET

Annual—8 inches high. A new verbenas; a charming companion to Verbena Coccinea (Scarlet). The color of the flower when it first opens is a deep violet tinged with garnet changing to a deep violet as the flower gets older. The eye is cream. The diameter of the flower head is two and one half inches across. Winner 1935 All-American selections. Pkt. 25c, 5 pkts. \$1.00. More verbenas in various types and colors on page 22.

PANSY GIANT ENGELMANN'S SPECIAL MIXTURE

We consider this strain developed and grown by Mr. Engelmann, England, to be outstanding among all others. Flowers are huge, uniformly well formed. The plants are extremely compact, very early flowering, which have won coveted medals and awards at the great Spring Show at Chelsea.

Pkt. 25c, $\frac{1}{8}$ oz. \$1.25.

ZINNIA EARLY WONDER

Annual—Introducing a mixture which includes many new shades of orange, reds, lavender, and pinks. The plants are from twelve to fifteen inches high with a profusion of medium sized flowers and very little foliage. Very early flowering and require but little space in your garden.

Pkt. 20c, 6 pkts. \$1.00.

ZINNIA CROWN OF GOLD—DESERT GOLD

Annual—Those who appreciate the finest in Zinnias will welcome Desert Gold. The plants are from two and one half to three feet in height bearing a generous quantity of large well formed flowers. Effective in daylight and artificial light. Color light and deep gold, petal overlaid at the base with deeper gold. Pkt. 30c, 5 pkts. \$1.00.

ZINNIA SCABIOSA FLOWERED MIXTURE

Annual—Remarkably resembling the annual scabiosa with a double crest and surrounded with a collar of broad petals of the same color. Grows from 2 to $2\frac{1}{2}$ feet high, flowers freely. Colors include crimson, scarlet, orange, yellow, pink, and white. Pkt. 20c, 6 pkts. \$1.00.

ZINNIA FANTASY FINEST MIXED

Annual—Awarded merit 1935 All-American selections. Is the most fascinating new type yet introduced with round medium size flowers of shaggy ray-like petals which give a delicate appearance. Colors include reds, yellow, and orange, as well as the popular pastel pinks and cream.

Pkt. 20c, 6 pkts. \$1.00.

URSINIA ANETHOIDES HYBRIDS

(Jewels of the Veldt)—annual—A lovely little daisy-like flower of different shades of orange, yellow, and apricot. Grows about twelve inches high, used for borders and in rockeries for summer flowers. Used also as cut flower.

Pkt. 20c, 6 pkts. \$1.00.

May Queen. Light blue.

Princess Alice. White.

Snowdrift. Early white.

Pkt. 15c.

Giant Perfection Mixed. Pkt. 10c, ⅛ oz. 50c.

STRAWFLOWER. See *Acroclium*, *Gomphrena*, *Helichrysum*, *Rhodanthe*, *Statice* and *Xeranthemum*.

STREPTOCARPUS (Cape Primrose). Greenhouse Annual.

Hybrid Grandiflora Caritas. Large trumpet shaped flower. The plants are compact and produce an abundance of large dazzling snow white blooms. Pkt. 50c.

SUNFLOWER. See *Helianthus*.

SWAN RIVER DAISY. See *Brachycome*.

SWEET PEAS HARDY. See *Lathyrus*.

Tithonia Speciosa Early Flowering Strain

SWEET PEAS "A"—Sow as early in Spring (Late March) as the ground can be worked in double rows with a wire trellis or a row of brush between. Drills should be about 5 inches deep, 9 to 10 inches apart. Sow plentifully covering about 2 inches and by degrees, as the vines grow, fill the trenches with soil. Keep soil moist and apply sheep manure or bone meal, well hoed in, every two or three weeks.

Early Giant Flowering Spencer Sweet Peas. Blooms 3—4 weeks earlier than the Giant Spencer Type. Suitable for planting in Greenhouse.

Blue Jacket. Dark navy blue.

Burpee's Orange.

Canary Bird. Rich cream.

Early King. Crimson.

Flambeau. Orange cerise.

Glitters. Cerise.

Harmony. Best clear lavender.

Snowflake. Pure white.

Yarrowa. Giant rose pink.

Zvolanek's Rose. Rose pink.

Finest Mixed.

Pkt. 15c, oz. 65c; **COLLECTION 1** pkt. each of the above 10 varieites \$1.25.

Summer Flowering Spencer Sweet Peas.

Angele. Blue mauve, suffused pink.

Austin Frederick. Improved Giant lavender.

Barbara. Fine salmon pink.

Campfire. Bright scarlet.

Colne Valley. Lavender blue.

Commander Godsall. Violet blue.

Crimson King. Rich deep crimson.

Dobbie's Cream. Deep primrose.

Edith Taylor. Rose salmon.

Elfrida Pearson. Large, shell pink.

Flambeau. Scarlet, overlaid orange.

Grenadier. Geranium red.

Hebe. Large bright pink.

Hercules. Mammoth rosy pink.

King White. Large white.

Mary Pickford. Cream pink, suffused salmon.

Mrs. Tom Jones. Bright delphinium blue.

Rosabelle. Large light rose.

Tangerine Improved. Glowing orange.

Wizard. Glowing salmon scarlet.

Pkt. 10c, 1 oz. 35c.

Giant Spencer Mixed. An excellent mixture with a choice blend of colors. Pkt. 10c, oz. 25c, 1/4 lb. 60c, lb. \$2.00.

SWEET ROCKET (Dame's Violet) "P"—Hesperis. Old fashioned garden plant. Bears spikes of showy colors. 3 ft.

Purple — White — Mixed. Pkt. 10, 1/4 oz. 25c.

SWEET SULTAN. See *Centaurea Imperialis*.

SWEET WILLIAM (Dianthus Barbatus) "P"—Very well known among garden lovers. Attractive, free flowering, produces a splendid effect in beds or borders. 18 inches.

Copper Queen (New) Red.

Dark Crimson.

Dark White.

Holborn Glory. Mixed.

Nigrescens. Dark red.

Newport Pink.

Pink Beauty. Deep pink. Fine.

Scarlet Beauty. Bright scarlet.

Finest Mixed Colors.

Pkt. 10c, 1/4 oz. 20c.

SWEET WILLIAM (Barbarto-sinensis) "A"—Blooms early Summer from seeds sown in Spring. Flowers are large similar to the perennial Sweet William. 1 ft.

Single Mixed Colors. Pkt. 15c, 1/4 oz. 50c.

TAGETES. See Marigold.

THALICTRUM DIPTEROCARPUM (Meadow Rue) "P"—Graceful sprays of flowers elegantly arranged on stems 4 ft. high. Charming for bouquets. Lilac rose color. Pkt. 15c.

TITHONIA SPECIOSA (Golden Flower of Incas) "A"—Orange vermillion, resembling single African Marigolds; foliage and habit of growth like Dahlia. 6 ft. Pkt. 15c.

Verbena Hybrid Grandiflora

TOBACCO FLOWERING. See *Nicotiana*.

TORENIA (Wishbone Flower) "A"—

Fournieri. Pretty little bushes, small blossoms beautifully marked and blotched. Fine for edging and border. 10 inches. Pkt. 20c.

TRANSVAAL DAISY. See *Gerbera*.

TUFTED PANSIES. See *Violas*.

URSINIA (Jewels of the Veldt) "A"—

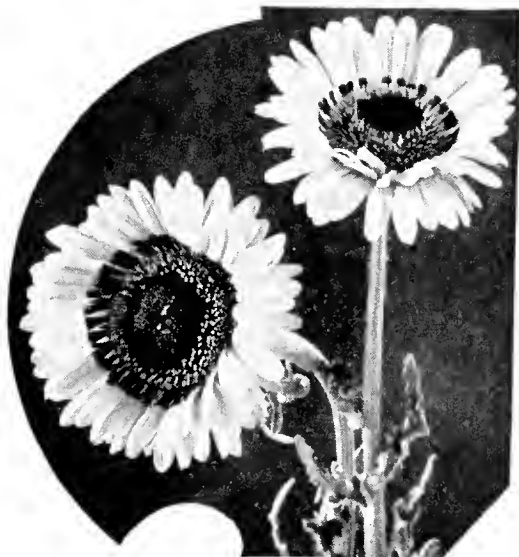

Anethoides Hybrids. New, see novelty list. Pkt. 20c, 6 pkts. \$1.00.

VALERIANA (Centranthus, Garden Heliotrope) "P"—Large flowers. Splendid for garden display and bouquets. 2 ft. **Red — Crimson — White.** Pkt. 10c.

VENIDIUM. "A"—

Fastuosum. Blooms over a long period. Deep orange daisy-like flowers with double row of petals. 2—3 ft. Pkt. 35c.

Fastuosum Hybrids. New. See novelty list. Pkt. 50c, 3 pkts. \$1.25.

Venidium Fastuosum

For Insects use Lucky Strike for complete control

VERBENA. "A"—An old garden favorite. Flowers are borne in large trusses from midsummer till fall. Thrives in poor soil.

Hybrida Compacta Erecta. A distinct new type of Verbena; very compact, dwarf and covered with flowers. 8—9 inches.

Coccinea. Scarlet. Pkt. 15c.

Cameo Pink. Exceptionally dwarf. Pkt. 25c.

Violet Bouquet. New, see novelty list. Pkt. 25c.

Finest Mixed. Pkt. 15c.

COLLECTION of 1 pkt. each 3 varieties 55c.

Hybrida Grandiflora (Gigantea). Of robust growth; large trusses. The individual blooms measure over 1 inch in diameter. 1 ft.

Salmon Pink — Blue, White Eye — Coccinea Scarlet — White — Finest Mixed.

Pkt. 20c. $\frac{1}{8}$ oz. 60c.

COLLECTION 1 pkt. each of 4 varieties 65c.

Mammoth. Large flowered. 1 ft.

Pink — Blue — White — Scarlet — Golden Queen — Mixed.

Pkt. 10c, $\frac{1}{4}$ oz. 60c. **COLLECTION** 1 pkt. each of 5 varieties 40c.

Venosa (Moss Verbena). Valuable for rockery, or for cutting. Of more spreading habit than the others. Deep lavender. 1 ft. Pkt. 15c, $\frac{1}{8}$ oz. 40c.

Lemon Scented (*Aloysia citriodora*). The old fashioned lemon scented verbena. Pkt. 15c, $\frac{1}{8}$ oz. 50c.

VERONICA (Speedwell) "P"—Showy spikes of bright colored flowers; used in borders or rockery.

Repens. Bright blue, dwarf, fine for rock garden. Pkt. 15c.

Amethystina. Large flowered, blue, $1\frac{1}{2}$ ft. Pkt. 25c.

Spicata. Blue shades, $1\frac{1}{2}$ ft. Pkt. 15c.

Longifolia. Blue, $2\frac{1}{2}$ ft. Pkt. 15c.

VINCA (Madagascar Periwinkle) "A"—Attractive plant for bedding and edging, glossy, dark green foliage. Pink and white flowers. $1\frac{1}{2}$ ft.

Rosea. Bright rose.

Rosea Alba. White with pink eye.

Rosea Alba Pura. Pure white.

Rosea Mixed.

Pkt. 10c, $\frac{1}{4}$ oz. 60c.

Verbena Hybrida Compacta Erecta

VIOLA (Tufted Pansies) "P"—Cultivate the same as pansies. Free flowering blooms all summer. Becoming very popular for use in border, beds, and in rockeries. 6 inches.

Cornuta Hybrida.

Ardwell Gem. Large chrome yellow.

Black Prince. Velvety black.

David Simpson. Lavender, marbled crimson.

Jersey Gem. Violet blue, compact, best bloomer.

Nora Marrow. Rosy lavender.

Primrose Dame. Sulphur yellow.

Spring Messenger. Bright rich purple, excellent.

White Perfection. Large white.

Finest Mixed.

Pkt. 15c, $\frac{1}{8}$ oz. 75c; **COLLECTION.** 1 pkt. each of 8 varieties \$1.00.

Odorata (Sweet Violet). A hardy garden Violet; dark blue. Pkt. 15c.

VISCARIA. "A"—An annual form of *Lychnis*. Large single flowers; bright and effective for beds and useful for cutting. 1 ft.

Cardinalis. Bright carmine. Pkt. 10c, $\frac{1}{4}$ oz. 35c.

Viola Cornuta—Jersey Gem

For Roses insects and black spots use Lucky Strike combination spray

WALLFLOWERS SIBERIAN. See Cheiranthus.

WALLFLOWER. "A"—

Early Wonder. A new double annual flowering type. Pkt. 15c, 1/4 oz. \$1.00.

WINDFLOWER. See Anemone.

WISHBONE. See Torenia.

WOOLFLOWER CHINESE. See Celosia.

XERANTHEMUM (Everlasting) "A"—Of easy culture, giving a profusion of flowers. Well suited to drying as everlasting. 2 ft.

Double Mixed. Pkt. 10c, 1/4 oz. 35c.

ZINNIA HARDY. See Heliopsis.

ZINNIA (Youth and Old Age) "A"—The most popular garden flower. For best results sow indoors and transplant in May.

Crown O' Gold—Desert Gold. New, see novelty list. Pkt. 30c, 4 pkts. \$1.00.

Early Wonder. Mixed. New, see novelty list. Pkt. 20c, 6 pkts. \$1.00.

Scabiosa Flowered. Mixed. New, see novelty list. Pkt. 20c, 6 pkts. \$1.00.

Fantasy Mixed. New, see novelty list. Pkt. 20c 6 pkts. \$1.00

Pumila Picotee—Delight. One of the best cut flower Zinnias. Flowers medium, petals curled, with picotee markings. 2 1/2 ft. high. Colors include salmon, cream, buff, biscuit, golden yellow and lavender. Pkt. 15c, 1/4 oz. 65c.

California Giant Mammoth. Plants are 3—4 ft. high, with long stems and very large flat flowers, giving a graceful effect.

Enchantress. Light rose, deep rose center.

Miss Willmott. Soft pink.

Orange King. Cadum or orange scarlet.

Orange Queen. Golden orange.

Pink Profusion. Shrimp pink.

Purity. Best white.

Rose Queen. Striking bright rose.

Scarlet Gem. Glowing deep scarlet.

Finest Mixture of the above. Pkt. 25c, 1/4 oz. 75c;

Finest Mixture of the above.

Pkt. 25c, 1/4 oz. 75c; **COLLECTION 1** pkt. each of the above 8 varieties \$1.75.

Giant Dahlia Flowered. Very robust, bearing many long stems of fully double, huge flowers, which resemble the show type of Dahlia. 2 1/2—3 ft.

Buttercup. Creamy yellow.

Crimson Monarch. Deep crimson.

Dream. Deep rosy lavender.

Exquisite. Light rose, deep rose center.

Old Rose. Deep and lighter shades of old gold.

Golden State. Yellow, orange.

Meteor. Darkest of all red.

Oriole. Orange and gold bicolor.

Purple Prince. Deep purple.

Youth. Light flesh.

Special Mixed colors.

Pkt. 15c, 1/4 oz. 60c; **COLLECTION 1** pkt. each of the above 10 varieties for \$1.25.

Lollipop or Pompon. Small, double flowers, for bedding and cut flower use. 1 1/2—2 ft.

Crimson Gem—Golden Gem—Flesh Pink—Purple—Salmon Rose—White Gem—Finest Mixed.

Pkt. 15c, 1/4 oz. 50c.

COLLECTION 1 pkt. each of the above 6 varieties 75c.

Double Giants. Bright and showy in your garden. Blooms are of immense size, very double.

Shrimp Pink—Burnt Orange—Deep Flesh Pink—Apricot—Scarlet—Crimson—White—Deep Salmon Rose—Rose Pink—Violet—Golden Yellow—Giant Mixed.

Pkt. 10c, 1/4 oz. 40c.

COLLECTION 1 pkt. each of the above 11 varieties \$1.00

Dwarf Large Flowering Double. These cut-and-come-again Zinnias are found most satisfactory. Flowers are double on bushy plants 2 ft. high.

Bright Scarlet—Golden Yellow—Salmon Rose—White—Finest Mixed.

Pkt. 10c, 1/4 oz. 40c; **COLLECTION 1** pkt. each of the above 4 varieties 30c.

Ursinia Anethoides

Zinnia Fantasy Finest Mixed

Zinnia Dahlia Flowered

Bassi's Vegetable Seeds

In the following Vegetable List we offer only those varieties that have from our experience and the experience of others proven the most dependable, including sorts of recent introduction. All our seeds are of high standard and are both vigorous and adapted to all conditions, so that the best result may be expected with reasonable surety.

ASPARAGUS ROOTS

Soil must be well drained. Dig trenches about 15" deep and 3 feet apart, using a good quantity of manure. Set the roots about 18" apart, cover to a depth of about 2 inches, adding more soil until the trenches are entirely filled by the end of the season. A light cutting, if any, should be made the next Spring.

Martha or Mary Washington: An almost rust resistant Asparagus for your home garden. Bears giant green shoots of extra quality and fine flavor. 3 yr. old roots.

\$4.50 per 100, \$30.00 per 1000.

BEANS

Beans may be sown any time from early May until August. They will thrive well on light loam. Plant 2 to 4 inches apart and 2 inches deep. 2 lbs. to 100 feet of drill. A successive planting every 10 days will provide a constant supply of fresh beans for the table.

Green-Podded Bush Beans

Bountiful. A prolific and continuous bearer. Produces large, rich green Pods in six weeks from sowing. The pods are flat and tender, of delicious flavor, and entirely stringless.

25c 1/2 lb., 45c 1 lb., 80c 2 lbs., \$2.75 8 lbs.

Mammoth Stringless Green Pod. A very productive variety with long pods. Quick growing, maturing in about 45 days from planting. Brittle, and stringless.

25c 1/2 lb., 40c 1 lb., 75c 2 lbs., \$2.50 8 lbs.

Stringless Black Valentine. An improvement over the old Black Valentine, it is both early and stringless. The Pods are round, fleshy and slightly curved. A heavy yielding variety.

25c 1/2 lb., 45c 1 lb., 80c 2 lbs.

Full Measure. Bears a heavy crop of straight, tender, stringless pods about 5 inches long. Medium-early, fine quality, rich flavor.

25c 1/2 lb., 40c 1 lb., 75c 2 lbs.

Stringless Refugee Green Pod. This variety has the yielding qualities of Refugee 1000—I, but has a stringless pod which matures in 60—65 days. The meat is thick and fleshy.

25c 1/2 lb., 45c 1 lb., 80c 2 lbs.

Tendergreen. This is a new green podded bean for those who demand quality above all else. The pods are 6 inches long, rich green in color, round and stringless. Very fine.

25c 1/2 lb., 45c 1 lb., 80c 2 lbs.

White Navy. Shell beans. For use as dried or baked beans. Sometimes called Boston Pea Bean. A pure white variety with small seeds.

20c 1/2 lb., 30c 1 lb., 50c 2 lbs.

Wax-Podded Yellow Bush Beans

Sure Crop Stringless Wax. One of the most popular of all Wax beans. It bears yellow pods 6—7 inches long and 1/2 inch wide. Very meaty and absolutely stringless. The variety is also disease resisting and the yield is exceptionally high.

25c 1/2 lb., 45c 1 lb., 80c 2 lbs., \$2.75 8 lbs.

Improved Golden Wax. An early wax bean maturing in about 45 days. It is very productive bearing medium length, golden yellow pods which are stringless. Very desirable for the home garden.

25c 1/2 lb., 40c 1 lb., 75c 2 lbs., \$2.50 8 lbs.

Unrivalled Wax. The pods are of excellent flavor and free from rust and blight. It is a very early variety.

25c 1/2 lb., 45c 1 lb., 80c 2 lbs.

Bush Lima Beans

Burpee's Bush Lima Improved. A fine bush Lima which is greatly improved over the old strain. Produces long fat pods ready for picking in about 80 days. Slightly earlier, sweeter and larger than Burpee's Bush Lima.

25c 1/2 lb., 40c 1 lb., 75c 2 lbs.

Fordhook Bush Lima. We recommend this type as the best in cultivation. It produces a heavy crop of large pods in clusters of five to eight, and belongs to the "Potato" type; that is they are fat rather than flat. The pods contain 3 to 5 beans each and mature very early.

25c 1/2 lb., 40c 1 lb., 75c 2 lbs.

Henderson Bush Lima. Dwarf Lima or Butter Bean. Pods and beans are quite small, very productive, and ready for picking in 65—70 days.

20c 1/2 lb., 35c 1 lb., 65c 2 lbs.

Pole or Running Beans

Kentucky Wonder or Old Homestead. The most popular green podded pole bean. Tremendous yielder of round meaty pods which often reach a length of 9 to 10 inches. It is quite early, tender, and practically stringless.

20c 1/2 lb., 35c 1 lb., 65c 2 lbs., \$2.50 8 lbs.

Yardlong, or Asparagus. Long, slender, round pods, 2 feet or more in length. Tender when young.

50c 1/2 lb., 85c 1 lb.

Pole Lima Beans

Burpee's Best. An absolutely new Pole Lima Bean with the same yielding qualities of Fordhook Bush Lima. The pods are 5 to 6 inches long, grow 4 to 8 in a cluster, and contain 4 to 5 thick beans green in color. Burpee's Best is the best Pole Lima of the Fordhook type.

40c 1/2 lb., 65c 1 lb., \$1.10 2 lbs.

Early Leviathan. Is an early prolific yielder, producing its pods in clusters well filled with thick, fleshy beans.

25c 1/2 lb., 45c 1 lb., 80c 2 lbs.

Use low growing Annuals in your Rockery

BEETS

Sow in early April in drills one foot apart and one inch deep. When plants are up thin out to stand 4 inches apart in the row. 1 ounce will sow a row 50 feet.

Bassi's Improved Detroit Dark Red. Very much improved over the old strain. Will produce the most uniform roots dark red in color. Unexcelled for table.

10c pkt., 20c oz., 60c 1/4 lb., \$1.50 1 lb.

Good For All. A new introduction, suitable for table or canning. Roots are smooth and globe shaped, dark red inside and out. Heavy yielder and early maturing.

10c pkt., 20c oz., 60c 1/4 lb.

Crosby's Egyptian. This sort is mostly grown for an early supply. The roots are round with a flattened top and 3 inches in diameter. Are sweet and tender, flesh is somewhat lighter than the skin which is of a dark red color.

10c pkt., 20c oz., 60c 1/4 lb.

Early Wonder. Will mature very early, with small tap roots. Flesh deep red and tender.

10c pkt., 20c oz., 60c 1/4 lb.

SWISS CHARD

The plants are cultivated for greens the same as Spinach. Sow early in Spring in rows and thin out later to 5 inches apart. This is a real "cut-and-come-again" variety.

Giant Lucullus. Grows to a height of 2 feet and more, has a light green leaf, crumpled much like savoy type cabbage.

10c pkt., 20c oz., 55c 1/4 lb.

Smooth Leaf, Dark Green. The leaf is smooth and dark green, the rib very broad and white, tender and of fine flavor.

10c pkt., 20c oz., 55c 1/4 lb.

ITALIAN BROCCOLI

Culture same as for Cauliflower. Italian Broccoli resembles a green Cauliflower, but much hardier and of a delicious flavor.

Early Green Calabrese. A very good strain of the true heading Broccoli. After cutting the first crop heads form again on the remaining plant.

10c pkt., 25c 1/2 oz., 40c oz. For plants refer to page 31.

BRUSSELS SPROUTS

Sow seeds either in frame or open ground. Set plants in rows about 18 inches apart. Break leaves from stem to promote better heads. Mature in about 125 days.

Long Island Improved. The plants produce a large crop of compact heads.

10c pkt., 25c 1/2 oz., 30c 1 oz.

CABBAGE

Sow seed in cold frame or hot bed and transplant the seedlings in rows 18 inches apart. For late crops sow in May outside and transplant in July. One ounce will produce about 5000 plants.

Early Jersey Wakefield. The best first-early Cabbage for the home garden. The heads are pointed and very compact.

10c pkt., 25c 1/2 oz., 45c 1 oz.

Copenhagen Market. This well know cabbage produces solid round heads which weigh 8 to 10 lbs. each. Maturity is uniform and nearly as early as Jersey Wakefield.

10c pkt., 25c 1/2 oz., 45c 1 oz.

Late Flat Dutch. A popular old favorite. Heads are large, flat and of a fine keeping quality.

10c pkt., 25c 1/2 oz., 40c 1 oz.

Mammoth Red Rock. Very satisfactory red variety with globe shaped head. Good winter keeper.

10c pkt., 30c 1/2 oz., 50c 1 oz.

Perfection Drumhead Savoy. This savoy Cabbage enjoys a great popularity on account of its sweet tasty flavor. The heads are somewhat flattened. Curly leaves. Matures in Fall.

10c pkt., 30c 1/2 oz., 50c 1 oz.

Chinese or Celery Cabbage (Pe Tsai). Resembles a head of Romaine Lettuce. Compact heads.

10c pkt., 25c 1/2 oz., 40c 1 oz. For Plants refer to page 31.

CARROTS

For early crops sow late April or early May. Sow seeds half inch deep in drills 12 inches apart, thinning to 3 inches in the row. Carrots like rich sandy loam, well tilled. One ounce for 100 feet of row.

Selected Chantenay Half Long. An outstanding home garden variety. Averages 6 inches in length, broad at the neck narrowing to blunt end. The flesh is sweet, rich orange in color with fine flavor qualities.

10c pkt., 25c 1 oz., 65c 1/4 lb.

Coreless. Excellent quality of the finest medium size. Blunt pointed, bright orange.

10c pkt., 25c 1 oz., 75c 1/4 lb.

Improved Danvers. Remarkable for its dependability, and ideal for Winter storage. The carrot is dark orange, stump rooted, and grows to a length of 6 inches. Will grow in all soils. 10c pkt., 25c 1 oz., 65c 1/4 lb.

Oxheart. Valuable for Spring and early Summer crop. It is short and stocky, tender and sweet. 10c pkt., 20c oz., 50c 1/4 lb.

Improved Long Orange. A very productive Carrot that grows to a length of 10-12 inches. The roots are deep orange in color and 3 inches in diameter at the top. An enormous yielder and fine keeper. 10c pkt., 20c 1 oz., 50c 1/4 lb.

CAULIFLOWER

For early crop sow in the hotbed in January or February and transplant when freezing weather is past. For late crops sow in May outside. Set out the plants 18 inches apart in 2 to 2 1/2 foot rows.

Ideal Snowball. Plants are dwarf and compact, and the heads are large and snow white. A fine Cauliflower of outstanding merit, it will mature about 5 days later than early Snowball. 25c pkt., \$1.00 1/4 oz., \$1.75 1/2 oz.

Earliest Dwarf Erfurt. One of the earliest varieties which produces large heads of uniform size. Very smooth, pure white. 20c pkt., 85c 1/4 oz., \$1.45 1/2 oz.

Danish Giant or Dry Weather. This type will stand drought and heat better than any other variety. Its heads are snow white and of a large size. Ideal for summer use. 25c pkt., 1/4 oz. \$1.00, \$1.75 1/2 oz.

For Plants Refer to Page 31

CELERY

Sow in early May in a well prepared bed. Transplant twice; first to 4 inches apart, and finally in rows 2 1/2 feet apart and 10 inches in the rows. Celery requires a great deal of water from the time the seed is sown until it is pulled.

Easy Blanching. Easily grown. Recommended for earliness and crispness. Its quality is superb. 15c pkt., 35c 1/2 oz., 60c 1 oz.

Paris Golden Self Blanching. This variety is of French origin. The plants make a dwarf growth and form thick, heavily ribbed stalks, easy to blanch and of a clear waxen yellow color, free from stringiness. Ready for use in September. 25c pkt., 50c 1/2 oz., \$1.00 1 oz.

Bassi's White Plume. When blanched the crisp and brittle stalks are snow white, without any fibre or strings. It is highly recommended for home gardeners. 10c pkt., 35c 1/2 oz., 60c 1 oz.

Bassi's Golden Plume. Considered the best early celery in cultivation. It resembles Golden Self Blanching but is larger and of more vigorous growth. It is tender, deliciously flavored and disease resistant. 25c pkt., 50c 1/2 oz., \$1.00 1 oz.

Winter Queen. The finest dwarf winter variety that develops a larger and fuller heart. Creamy white and solid. Popular on account of its crispness and exceptional keeping qualities. 10c pkt., 30c 1/2 oz., 50c 1 oz.

Plants of the above varieties ready July

Celeriac Large Smooth Prague (Turnip rooted Celery). Leaves are cut when young and used to flavor soups and meats, the roots or knobs are boiled, cooled and served as a salad. 10c pkt., 30c 1/2 oz., 50c 1 oz.

Good seeds are always a bargain

CHICORY

Witloof or French Endive. A very delicious salad. Easily grown. 10c pkt., 35c 1 oz.

CHERVIL

Curled. Cultivated like Parsley and used for garnishing and flavoring soups and salads. 1 oz. will sow 150 feet of drill. 10c pkt., 30c 1 oz.

CHIVES

They are used for seasoning and flavoring. Cut constantly to keep it tender and do not allow to flower. 15c pkt., plant clumps 25c each.

COLLARDS

Georgia. It grows 3 feet tall and produces Cabbage-like leaves. 10c pkt., 20c 1 oz.

CRESS

Extra Curled. Also known as Pepper Grass. Sow thickly outdoors any time during the year and cut the young greens before they grow too tall. It is used for garnishing and flavoring, and does best in cool weather and moist soil. 10c pkt., 15c 1 oz.

True Erfurt Watercress. Likes a moist situation, such as brooks where the roots and stems are submerged. Grows very rapidly. 15c pkt., 65c 1 oz.

SWEET CORN

Plant 6—8 grains in hills three feet apart each way, from the time the ground is permanently warm. Thin out when 4 inches high to 3—4 plants to a hill. One pound will plant about 150 hills.

Golden Cross Bantam. This is a new and the best Bantam Corn developed. It is disease resistant and grows larger ears which carry 10 to 14 rows of kernels. Will mature about 4 days later than Golden Bantam, but it is equal to it in quality. 20c pkt., 50c 1/2 lb., 85c 1 lb.

Early Yellow Sensation. One of the earliest yellow varieties. The ears are 6 to 8 inches long and the quality is far better than most early sorts. 25c 1/2 lb., 45c 1 lb., 80c 2 lbs., \$2.75 8 lbs.

Golden Bantam Improved. America's favorite Sweet Corn on account of its luscious flavor. The plants grow 5 to 6 feet tall and bear one or two ears each. Rich golden yellow kernels, tender and sweet. 15c pkt., 25c 1/2 lb., 45c 1 lb., 80c 2 lbs., \$2.75 8 lbs.

Country Gentleman. It is a very sweet white variety used in large quantities. The plant is very prolific, producing ears 8—9 inches long. Late, maturing in about 95 days. 25c 1/2 lb., 45c 1 lb., 80c 2 lbs., \$2.75 8 lbs.

Stowell's Evergreen. Recognized as the best late variety. The grains are of a large size, exceptionally tender and sweet. It remains green longer than any other variety. 25c 1/2 lb., 45c 1 lb., 80c 2 lbs., \$2.75 8 lbs.

Bantam Evergreen. A blend of Golden Bantam and Stowell's Evergreen, which has the good qualities of both these famous varieties. It is very productive. Stalks are 6—7 feet high supporting ears of many rows of golden yellow kernels. 25c 1/2 lb., 45c 1 lb., 80c 2 lbs., \$2.75 8 lbs.

Black Mexican. Although the seed is nearly black, the "green" corn is pure white. The eating quality is very fine. Matures in about 85 days. Good for home gardening. 25c 1/2 lb., 45c 1 lb., 80c 2 lbs.

CORN SALAD

Hardy, for late Fall, Winter and Spring use. Sow seed in late Summer. 10c pkt., 20c oz., 65c 1/4 lb.

CUCUMBER

Cucumbers grow best in a rich, warm sandy loam. Sow seeds early in May in hills four or five feet each way. Sow thickly half an inch deep, thin out later. One ounce will plant 100 hills.

Woodruff's Hybrid. Considered as the finest all around Cucumber in existence. It has a long, attractive shape, with a very rich green color, and has a fine lot of showy white spines. The length is about 9 inches. 10c pkt., 25c 1 oz.

Davis Perfect. A long white spine variety averaging 10—11 inches, slightly tapering at both ends. Not quite as thick as most other varieties. Holds its green color very well and is of excellent eating quality. 10c pkt., 20c 1 oz.

Long Fellow. Unusually long. It grows to a length of 12—15 inches. The color is rich dark green, fine quality. 15c pkt., 50c 1 oz.

National Pickling. This variety is the best for pickling as it will produce more fruits of a uniform shape and size than any other type. It is a black spine type, rather blocky in form and appeals to all who are fond of pickles. Early maturing. 10c pkt., 25c 1 oz.

EGGPLANTS

Sow seeds in hotbed or greenhouse. Plant out middle of May in a rich, warm, sandy soil.

Black Beauty. The earliest and best Eggplant. Handsome, large, and of great merit. Has no spines and is without doubt the most popular variety. 15c pkt., 35c 1/2 oz., 65c 1 oz.

New York Improved Spineless. A spineless, large, purple fruited sort. Productive and excellent quality. 15c pkt., 35c 1/2 oz., 65c 1 oz.

Early Long Purple. An early variety, with fruit eight inches long and 2 1/2 inches thick. The color is dark purple, very smooth. 15c pkt., 35c 1/2 oz., 65c 1 oz.

For Plants Refer to Page 31

ENDIVE

For early use sow about April 15th, or for main crop in June or July. Sow seed in rows 14—20 inches apart and when well established thin out to one plant per foot. When nearly full-grown blanch by tying the leaves together. One ounce of seed for 150 feet of row.

Broad-Leaved Batavian (Escarolle). Broad, fleshy leaves slightly wrinkled, forming a large full heart. Makes an excellent Salad and is very easily grown. 10c pkt., 25c 1 oz., 75c 1/4 lb.

Green Curled. Finely cut, dark green, curly leaves which give the plant a feathery appearance. It blanches to a beautiful creamy white. One of the best Salads. 10c pkt., 25c 1 oz., 75c 1/4 lb.

White Curled. Similar to Green Curled, but slightly earlier and of a light green color. It blanches well and has a fine flavor. 10c pkt., 25c 1 oz., 75c 1/4 lb.

FENNEL—FINOCCHIO

Florence. Plants resemble Leek, and only the lower swollen stems are used. Sow in May in rows, thin out later. One packet will sow a row of 25 feet. 10c pkt., 30c oz.

KALE

Sow seed in April or May in rows two feet apart, thin out later. One ounce will sow 200 feet of drill.

Special Dwarf Green Scotch. This stock produces the finest plants imaginable. The leaves are curly and very dark green. The quality is improved rather than injured by frost. 10c pkt., 20c 1 oz., 60c 1/4 lb.

Greens are essential in our daily diet. Plant Bassi's Seeds

KOHLRABI . .

A plant which forms a bulb above the ground. Culture is like Cabbage, and it should be used when young and tender.

Early White Vienna. The earliest and best for market or family use. Has large bulbs and small green leaves. 10c pkt., 25c 1/2 oz., 45c 1 oz.

Early Purple Vienna. The bulbs and leaves have a purplish color, but otherwise it is the same as the White Vienna. 10c pkt., 25c 1/2 oz., 45c 1 oz.

LEEK

Sow in early Spring in drills 12—15 inches apart, covering 1/2 inch deep. Later transplant 2—3 inches apart in the row. Should be blanched by earthing them up like celery before using. One ounce of seed will sow 200 feet of drill.

Large American Flag. Leek is a member of the onion family but considered by many to have superior flavor. This variety is the finest for the Home Garden. Strong growing. 10c pkt., 35c 1 oz., 90c 1/4 lb.

Musselburg. A good exhibition sort, having large broad leaves. 10c pkt., 35c 1 oz., 90c 1/4 lb.

LETTUCE

Seeds may be sown early in the Spring. One ounce will sow 400 feet of drill.

Best Head Varieties

Big Boston. Still the most widely grown of all heading sorts. It produces fine, large heads, often measuring 10—12 inches across, of bright green color. The texture of the foliage is brittle and crisp. 10c pkt., 25c 1 oz., 75c 1/4 lb.

White Boston. Similar to Big Boston but free from the reddish tinge caused either by frost or heat. It is also lighter green in color. Withstands hot weather well and heads early. Very tasty, sweet and crisp. 10c pkt., 30c 1 oz., 85c 1/4 lb.

New York No. 12. Is an improvement over the old strain of New York Lettuce. Its heads are large and solid, of the flat type, and mature in 65 days from sowing. The sure-heading quality makes it unsurpassed for Spring and Summer. 10c pkt., 30c 1 oz., 85c 1/4 lb.

New Early May King. An early quick growing sort, does equally well under sash or open ground. The outer leaves are light green edged with red. The heads are of medium size, while the heart is creamy yellow in color. Very tender and crisp. 10c pkt., 25c 1 oz., 75c 1/4 lb.

Iceberg. The heads are very solid, of medium size, with few green outer leaves. The heart is very crisp and delicious, blanching naturally to almost white. 10c pkt., 25c 1 oz., 75c 1/4 lb.

Loose Leaved Variety

Grand Rapids. This is probably the best loose leaved variety grown. The plants make a compact bunch of light green leaves frilled at the edges. To be grown indoors or outside. 10c pkt., 25c 1 oz., 75c 1/4 lb.

Cos or Romaine Lettuce

The quality is quite different from other sorts of Lettuce and is much esteemed for its crispness and mild flavor. This type is distinguished by its long, narrow spoon-shaped leaves and is largely used for salads. Sow all during spring and early summer. It does well during cool, moist weather.

Paris White Cos. Of extra fine quality and the most popular sort of romaine lettuce. 10c pkt., 25c oz., 75c 1/4 lb.

For Plants refer to page 31

MUSKMELONS (CANTALoupES)

A warm, rich, sandy loam is preferable. Sow 10 to 12 seeds in a hill six to eight feet each way. Thin out later.

Orange Flesh. This is the finest Melon in existence. It is nearly round and has an extremely small seed cavity. Very thick, deep orange flesh of the finest flavor. It is hardy and prolific. 10c pkt., 25c oz., 75c 1/4 lb.

Honey Ball. It has a light green flesh, yellowish-white rind, with light netting. Very sweet. The fruits are 6 1/2 inches in diameter and mature early. 10c pkt., 35c oz., 75c 1/4 lb.

WATERMELONS

Kleckley Sweet. One of the most popular large early melons. Oval shaped, dark green skin and thin rind. 10c pkt., 20c oz., 60c 1/4 lb.

Coles Early. Very early home garden variety, nearly round and of medium size. Excellent quality. 10c pkt., 20c oz., 60c 1/4 lb.

MUSTARD

Sow early in Spring in rows and make succession sowings. It is used as a salad and also as spinach. One ounce will sow 200 feet of drill.

Fordhook Fancy. Dark green feathery leaves. Mild flavor. 10c pkt., 20c oz., 50c 1/4 lb.

Tendergreen. A new vegetable with a spinach flavor. Should be cut when young, which is usually in about 25 days. Fine mild flavor. 10c pkt., 25c oz., 60c 1/4 lb.

OKRA or GUMBO

This is an excellent vegetable. Valuable for cutting up in soups and stews. Sow thickly in rows when frost and cold have disappeared. Thin out later to stand 12 inches apart in row. One ounce is sufficient for 200 feet of drill.

White Velvet. The pods are long, perfectly smooth, of greenish white color. 10c pkt., 20c 1 oz., 45c 1/4 lb.

Dwarf Green Long Pod. Grows a smaller plant, but the pods are fully as large, and a handsome dark green color. Matures in about 50 days. 10c pkt., 20c 1 oz., 45c 1/4 lb.

ONIONS

Sow in well drained, rich soil early in Spring and cover seeds one-half inch deep. Thin out later to allow plenty of room for growth. One ounce will sow 200 feet of row.

Southport Yellow Globe. Large size Globe of excellent keeping quality. Very popular. 10c pkt., 50c oz., \$1.50 1/4 lb.

Southport White Globe. The most popular winter-keeping white Onion. Large, round, pure paper white skin. The flesh is also white, juicy, and sweet. Matures in about 120 days. 10c pkt., 50c 1 oz., \$1.50 1/4 lb.

Southport Red Globe. Perfect globe shaped red onion with white flesh. Very hardy and fine keeper. 10c pkt., 40c 1 oz., \$1.25 1/4 lb.

White Portugal or Silverskin. A silvery white onion of flattened shape. We consider this variety the best for general use during Spring, Summer, and Autumn, being mild and of a delightful flavor. May be used for pickling. Matures in about 95 days. 10c pkt., 50c 1 oz., \$1.50 1/4 lb.

Large Red Wethersfield. Has been a standard variety for many years. Large flat onion with purplish-red skin and white flesh. Produces a good supply during growing season, while its keeping quality is equal to the best. 10c pkt., 40c 1 oz., \$1.25 1/4 lb.

Prizetaker. It is the largest and most handsome Onion grown. The skin is rather pale yellow, while the flesh is pure white. Mild flavor, very much used for slicing, baking, or boiling. 10c pkt., 40c 1 oz., \$1.25 1/4 lb.

ONION SETS

Growing onions from sets saves much labor. The crop is ready weeks in advance of that grown from seeds. Plant bulbs in rows two to three inches apart.

	Qt.	4 Qts.
White	45c	\$1.50
Yellow	40c	1.25
Red	40c	1.25

Herbs, a few, should be in every garden.

PARSLEY

Soak seeds few hours in warm water. Sow in drills early in Spring, covering seed one-half inch. Parsley is very slow in germinating.

Bassi's Moss Curled. Grows about 8 inches high. The color is a rich dark green and leaves are finally cut. Used for garnishing and flavoring. By far the leading variety. 10c pkt., 20c oz., 50c 1/4 lb.

Hamburg or Turnip Rooted. Long fleshy, tapering roots, which are used for flavoring soups, etc. The leaves are like Plain Parsley. 10c pkt., 20c oz., 50c 1/4 lb.

Plain Italian. Hardy plants. Leaves are not curled and are used more for flavoring than garnishing. 10c pkt., 20c oz.

PARSNIPS

Sow seeds in early May in rows. Later thin out plants to stand 4 inches apart.

Long Smooth Hollow Crown. The oldest and best known for home garden. Roots grow to a length of 8—10 inches, are pure white, smooth and of excellent flavor. 10c pkt., 25c oz., 60c 1/4 lb.

White Model. An improvement over Hollow Crown, being of medium length smooth and snow white. 10c pkt., 25c oz., 60c 1/4 lb.

PEAS

Sow in earliest Spring, in rows two to three feet apart, drilling the seed one to two inches deep. Smooth varieties may be sown earlier than wrinkled sort. One pound is enough for 100 feet of row.

Extra Early and Early Varieties

Bassi's First and Best. Smooth seeded. Height of vine 30 inches. Pods well filled, matures very early in about 50 days. 25c 1/2 lb., 40c 1 lb., 75c 2 lbs.

Ameer (Improved Alaska). Smooth seeded. Pods are straight, three inches long, blunt, and of pale green color. One of the earliest varieties and very productive. 25c 1/2 lb., 40c 1 lb., 75c 2 lbs.

Laxton's Progress. Wrinkled seeded. This sort is in great demand everywhere. It is dwarf, about 18—20 inches high, and produces long pods filled with 8—9 large delicious peas. Medium early variety. 30c 1/2 lb., 45c 1 lb., 85c 2 lbs.

Gradus or Prosperity. Wrinkled seeded. Grows a vine about 32 inches high thickly set with large light green pods about 4 inches long. The peas are of an excellent flavor and very much in demand. We recommend this type to every home gardener. 25c 1/2 lb., 45c 1 lb., 85c 2 lbs.

Late Varieties

Dwarf Telephone. Wrinkled seeded. Vines will grow about 2 feet high. The pods are dark green, 5 inches long and pointed. Valuable to both home and market gardeners for its productivity and ease of cultivation. 25c 1/2 lb., 40c 1 lb., 75c 2 lbs.

Wyoming Wonder. The latest introduction. Unequalled in pod size, excellent in quality. Vines 24—28 inches tall, bear dark green pods 6 inches long, tender and sweet. Matures in about 75 days. 25c 1/2 lb., 45c 1 lb., 85c 2 lbs.

PEPPERS

Sow seed one-half inch deep in the hot bed in March. After danger of frost is past transplant in the open ground, 18 inches apart in the row.

California Wonder (Sweet). We have no doubt that this is the meatiest Pepper in cultivation. The large fruits are mild and delicious often weighing 10 to 12 ounces. Glossy green color turning later to vivid red. 15c pkt., 40c 1/2 oz., 75c 1 oz.

Harris' Early Giant (Sweet). The earliest and most prolific of all Giant Peppers. Of dwarf and compact growth, bearing a large crop of scarlet fruits measuring 5 inches in length and 3/2 inches in diameter. 15c pkt., 45c 1/2 oz., 85c 1 oz.

PEPPERS—Continued

Perfection Pimiento (Sweet). A small, extremely sweet and mild pepper. Fruits are 3 1/2 inches long by 2 1/2 inches thick, excellent for stuffing, pickling, or flavoring. When ripe they are a beautiful scarlet color. 10c pkt., 40c 1/2 oz., 75c 1 oz.

Woodruff's Colossal (Sweet). The pepper is of a Ruby King type but vastly superior to that variety. The fruit is very large, thick, sweet, and almost 100% four-pronged. We recommend this variety to every grower. 15c pkt., 45c 1/2 oz., 85c 1 oz.

Large Hot Squash (Hot). A medium sized, tomato-shaped pepper. Very prolific and noted for its pungency. 10c pkt., 35c 1/2 oz., 65c 1 oz.

Long Red Cayenne (Hot). The Fruit is long and slender, very much used for pickling. Color bright red. 10c pkt., 35c 1/2 oz., 65c 1 oz.

For Plants refer to page 31

PUMPKIN

Sow late in May in hills. Cover seeds 1 inch. Later thin out to 2—3 plants per hill. One ounce for 25 hills.

Small Sugar. Also called Pie Pumpkin. Orange-yellow skin and rich orange flesh which has the right flavor for the best pies. 10c pkt., 25c oz., 60c 1/4 lb.

King of the Mammoth. The Pumpkins grow to an enormous size measuring 25 inches in diameter. The skin is bright yellow, fine grained, solid and tender. 10c pkt., 25c oz., 60c 1/4 lb.

Winter Luxury. Known for its winter keeping qualities. It is of a small size, 10 inches in diameter, slightly oval in shape. The skin is finely netted and is a yellowish-russet color. Deep golden flesh, sweet and tended. 10c pkt., 25c oz., 60c 1/4 lb.

SEED POTATOES

Certified Stock

A good, sandy loam produces the best potatoes. Scatter a liberal dressing of decayed stable manure along the drills and set the tubers or divisions 4 inches deep.

Irish Cobbler. A fine early variety, producing plump, excellent quality tubers. The flesh is pure white and the crops are large. \$1.00 peck, \$3.25 bushel.

Green Mountain. The most reliable late potato, unsurpassed for main crop. The tubers are white, of flat oval shape. Brilliant winter keeper. \$1.00 peck, \$3.25 bushel.

RADISH

Sow in the open ground as soon as the soil can be worked. A good rich soil is necessary for best results. One ounce will sow 100 feet.

Bassi's Special Earliest Scarlet Globe. We recommend this strain very highly to all growers, being of a perfect color and shape, mild and crisp. Very early. 10c pkt., 25c oz., 60c 1/4 lb.

Early Scarlet Turnip, White Tipped. (Sparkler). An early table radish. Roots scarlet, white tipped. It is a rapid grower. Mild sweet flavor. 10c pkt., 20c oz., 50c 1/4 lb.

French Breakfast. An attractive, olive shaped sort, deep scarlet in color with white tip. 10c pkt., 20c oz., 50c 1/4 lb.

Philadelphia White Box. A standard white ball-shaped variety, very early. 10c pkt., 25c 1 oz., 60c 1/4 lb.

Crimson Giant. A popular outdoor sort, globe shaped and larger than Scarlet Globe. 10c pkt., 25c 1 oz., 60c 1/4 lb.

White Icicle. The leading long white radish. Roots are crisp and tender, 6 inches long, and of high quality. 10c pkt., 25c oz., 60c 1/4 lb.

Long Black Spanish. Valuable for its winter keeping qualities. Skin is blackish brown, firm white flesh. The roots are 5—6 inches long, tapering from a shoulder 2—3 inches in diameter. 10c pkt., 25c oz., 60c 1/4 lb.

Use Annuals in your Perennial Border

SALSIFY or Oyster Plant

Culture same as for Parsnips. One ounce will sow 50 feet of drill.

Mammoth Sandwich Island. A fine winter vegetable of an oyster-like flavor that can be cooked in any way. Roots are tender and delicious. 10c pkt., 35c oz.

SORREL

Narrow Leaf (Liver Leaf). Used for salads and much esteemed on account of its acid flavor. Sow early in Spring in drills. 10c pkt., 30c oz.

SPINACH

Sow the seed in good, rich ground very early in the Spring as soon as the ground can be prepared. Make succession sowings every ten days until end of April. For Fall crop sow in August.

Bloomsdale Long Standing Savoy. The most outstanding improvement in Spinach in years. It resembles the old savoy, but it stands heat much longer before running to seed. The growth is very compact, leaves are dark green in color. 10c pkt. 15c oz., 30c 1/4 lb.

Princess Juliana. Of the long season type, with large, crumpled dark green leaves. Known for its rapid, uniform growth and delicious flavor. 10c pkt., 15c oz., 30c 1/4 lb.

King of Denmark. A heavy yielder with large, rounded, deep green leaves. Remains a long time in prime condition before going to seed. 10c pkt., 15c oz., 30c 1/4 lb.

New Zealand. Thrives in any soil and withstands drought very well. The best for Summer when it is hot and dry and Spinach is inclined to bolt to seed. The plant becomes very large and spreading with comparatively small rich green leaves. The seeds should be soaked for 24 hours before being sown in early May. 10c pkt., 30c oz., 50c 1/4 lb.

SQUASH

Plant 8—10 seeds in a hill 4—6 feet apart, in early May. Later thin out leaving the three strongest plants to each hill.

Summer Straightneck. This is fast becoming the most used summer squash, being easier to prepare for cooking than the crookneck. Golden, orange, warted fruits 18 inches long of the finest quality. 10c pkt., 25c oz., 65c 1/4 lb.

Cocozelle or Italian Vegetable Marrow. Produces a good crop of practically straight squash about 14 inches long. The fruits are dark green, later being marbled with yellow. Tender and sweet. 10c pkt., 30c oz., 65c 1/4 lb.

Scalloped White Bush. An early Squash with fruits flattened and scalloped, about 8 inches in diameter. Smooth and creamy white skin. 10c pkt., 20c oz., 50c 1/4 lb.

Improved Hubbard. This Squash has never lost its popularity. Flesh bright orange-yellow, skin dark green and rough. Fine winter keeper. 10c pkt., 25c oz., 65c 1/4 lb.

Warted Hubbard. Resembles Improved Hubbard, except that the very dark green skin is much more warted. This variety is very much in favor at present. 10c pkt., 30c oz., 75c 1/4 lb.

Giant Summer Crookneck. A standard variety, grows large, dark yellow and well-warted fruit, with a crook neck about 18 inches long when mature. 10c pkt., 25c oz., 65c 1/4 lb.

TOMATO

Sow seed in March in hot bed or in shallow boxes in the house 1/2 inch deep. Transplant in the open ground when all danger of frost is past 3—4 feet apart each way.

Earliana Special. It is larger than the old Earliana. Has a thicker skin and ripens well up to the stem end, free from cracks. Produces nearly globe shaped fruit, solid and bright scarlet. 10c pkt., 25c 1/2 oz., 45c oz.

Bonny Best. One of the standard early varieties, almost as early as Earliana. The fruit bright red, smooth and evenly formed. The best in its class. 10c pkt., 25c 1/2 oz., 45c oz.

TOMATOES—Continued

Oxheart. (Midseason). The largest tomato in cultivation, some fruits weighing 1 1/2 to 2 lbs. each. The shape is "oxheart", very heavy and solid with almost no seed cells which makes it very meaty, and it has no equal as a slicing tomato. 15c pkt., 50c 1/2 oz., 90c 1 oz.

Master Marglobe. (Midseason). The finest strain of Marglobe in existence. Perfectly shaped fruits, unusually heavy and firm. It has shown itself to be some 40% more productive than other strains. 15c pkt., 50c 1/2 oz., 90c 1 oz.

Ponderosa. (Midseason). A good home garden variety bearing very large purple fruit, slightly ribbed, solid and luscious. 15c pkt., 45c 1/2 oz., 85c 1 oz.

Pritchard. (Scarlet Topper) Late. A new product of the U. S. Dept. of Agriculture. For its wilt resistant qualities it has no equal. The fruits are deep scarlet, globe shaped, solid and smooth. 15c pkt., 35c 1/2 oz., 65c 1 oz.

Golden Ponderosa. It possesses all the qualities that made its parent the Ponderosa, so popular. The best tomato in the golden-yellow variety. Large size, smooth and of excellent flavor. It ripens early and for salad purposes it presents an attractive inviting appearance. 15c pkt., 50c 1/2 oz., 90c 1 oz.

For Plants refer to page 31

SMALL FRUIT TOMATOES

Largely used for salads, making fancy pickles, preserves, etc.

Yellow Cherry — Red Cherry — Red Currant — Red Pear — Yellow Plum — Red Plum — Yellow Pear
15c pkt., 35c 1/2 oz., 65c 1 oz.

TABLE TURNIPS

Sow early varieties in April in drills 12—18 inches apart. Cover seeds 1/2 inch, and thin out to 4—6 inches in the row. For Fall and Winter crop sow in July or August in drills or broadcast. One ounce will sow 150 feet of drill.

Early Purple Top White Globe. Popular white fleshed turnip. The upper part is purplish red, the lower part white, fine grained and sweet. Matures in about 65 days. 10c pkt., 20c oz., 45c 1/4 lb.

Snowball. Pure White Globe variety, very early. Tender and sweet. 10c pkt., 20c oz., 45c 1/4 lb.

Golden Ball or "Orange Jelly". The finest yellow fleshed sort. The roots are of medium size, round, very smooth with a deep yellow skin. Bulbs are firm, fine flavored. Good winter keeper. 10c pkt., 20c oz., 45c 1/4 lb.

Purple Top Milan. An early white Turnip, with purple top, delicious quality. The tops are small and compact, so this variety may be sown in rows closer together. 10c. pkt., 20c 1 oz., 45c 1/4 lb.

RUTABAGA

The same culture as for Turnips.

Long Island Improved. The best all around Rutabaga. The roots grow to a large size, has no neck and is a remarkable keeper. The flesh is rich yellow and of fine quality. 10c pkt., 20c oz., 45c 1/4 lb.

HERBS

No garden can be called complete without a collection of herbs for flavoring and seasoning.

Varieties marked "A" are Annual, "P" are Perennial.

	Pkt.
Anise "A" —Aromatic. For garnishing and flavoring.	10c
Sweet Basil "A" —The leaves and tops of the shoots are used for soups, stews and sauces	10c
Borage "A" —Valuable for Bees and for flavoring	15c
Caraway "A" —Seeds used in confectionary	10c
Coriander "A" —For garnishing, seeds aromatic	10c
Dill "A" —Used for flavoring pickles	10c
Fennel Sweet "P" —The leaves enter into sauces	10c
Lavender "P" —Valuable for its perfume	15c
Rosemary "P" —Used for seasoning	15c
Sage "P" —Leaves are used in dressings and sauces	15c
Summer Savory "A" —(Bohnenkraut) Used for seasoning	15c
Sweet Marjoram "P" —The leaves and shoots are used for seasoning	15c
Thyme "P" —Used for seasoning	15c

Summer Flowering Bulbs and Roots

CALADIUM

Esculentum. (Elephants-Ear). One of the most effective plants for beds, borders, or for the lawn. The large, rich green leaves often measure 3—4 feet long and 2½ feet wide. Height 4—5 feet. Extra large size bulbs 30c each, \$3.00 doz.

CANNAS

Large Flowering Dormant Roots

City of Portland. Glowing Pink. Green foliage. Height 3½ feet.

Eureka. The finest white, with green foliage. Height 4 feet.

Firebird. Brilliant scarlet, green foliage. Height 4½ feet.

King Humbert Yellow. Golden yellow flowers blotched with red. Green foliage. Height 4 feet.

King Humbert Orange. Orange-scarlet. Bronze leaves. The best all around Canna. Height 4 feet.

The President. Glowing scarlet, green foliage. Height 5 feet. Any of the above: 15c each, 25c for 2, \$1.35 dozen.

For Plants refer to page 30

CINNAMON VINE

(*Dioscorea batatas*)

A rapid growing Summer climber, with bright green glossy foliage and spikes of cinnamon scented white flowers. It is hardy, the stem dying down in winter but growing rapidly again in the spring season. Splendid for shading verandas. 15c each root, \$1.25 per dozen.

HYACINTHUS CANDICANS

(Summer Hyacinth)

Free growing, summer flowering plant, spreads 2—3 feet throwing up great, tall spikes, 4—5 feet in height, each bearing a large amount of white, bell-shaped flowers. Large bulbs 15c each, \$1.50 dozen.

TUBEROSE

Double Dwarf-Pearl. Beautiful summer flowering bulb of dwarf, stocky growth. Flower spikes 2 feet high, almost completely filled with fragrant blooms. 10c each, 75c dozen.

HARDY LILIES

No garden is complete without its quota of these

Gorgeous Flowers.

The following varieties of hardy lilies have proven to be the best for Spring planting. Among shrubbery and perennials, they are the most effective in group plantings of 3 and 6 bulbs. Plant bulbs in well drained soil, using sand to spread under the base.

AURATUM (Golden rayed Lily of Japan). Pure white; thickly studded with reddish brown spots, through the center of each petal runs a clear golden band. Immense flowers from July to September. Large bulbs: each 35c, doz. \$3.50, 100 \$25.00.

SPECIOSUM RUBRUM. Frosted white, spotted, clouded and bordered with deep pinkish crimson. Splendid for pot culture. Blooms outside during August. Large bulbs: each 30c, doz. \$3.00, 100 \$20.00.

SPECIOSUM ALBUM. The color is pure white and is usually grown with Auratum and Rubrum. Very dainty. Blooms during August. Large bulbs: each 30c, doz. \$3.00, 100 \$20.00.

HENRYI. (Yellow Speciosum Lily). The bright apricot yellow flowers are borne on 6—8 feet stems. Very showy and attractive among shrubbery. Blooming time is August. Large bulbs: each 35c, doz. \$3.50, 100 \$25.00.

TIGRINUM. The finest type of the quaint and much loved Tiger Lily. Blooms during September. Bulbs: each 30c, doz. \$3.00, 100 \$20.00.

REGALE. The trumpet flowers of this splendid hardy lily are white, suffused pink but blending in the center to a pure canary yellow. It blooms during July and is very fragrant. Large bulbs: each 40c, doz. \$4.00, 100 \$30.00.

Sprayers—We have a complete line at our store New Rochelle, N. Y.

GLORIOUS GLADIOLI

Recent introductions and the most popular of the
Standard Varieties.

Bulbs should be set 4 inches deep and at least 6 inches apart. The first planting should be made at the end of April or early May. To obtain a succession of bloom plant additional bulbs every 3 weeks until July 15th. We offer only the best stock of bulbs (First Size) obtainable which guarantee a most satisfactory result.

Selected Dahlias

The varieties we offer have been selected as being choicest Exhibition Dahlias, and exceptionally suited for cut flowers. We offer strong, healthy tubers.

(F. D.—Formal Decorative)

Alaska. (F. D.) One of the best whites. Pure white of a good form and with a very good stem. Each 75c.

Avalon. (F. D.) Large, canary-yellow flowers borne on a long stem. Each 25c.

Bashful Giant. (F. D.) Apricot with shading of gold. Each 35c.

Dr. John Carmen. Flowers are large and almost true American Beauty Rose in color. Strong and vigorous grower. Each 75c.

Fort Monmouth. (F. D.) One of the giants of Dahlia world. Rich crimson-maroon, shading to bluish violet at tips. Free bloomer. Each 50c.

Francis Larocco. (F. D.) Pure yellow, of perfect form and vigorous grower. Each 35c.

Golden Eclipse. Rich golden yellow blending slightly to a warm salmon at the center. Flowers are on long stems. Give a most spectacular display. Each 35c.

Good Night. (F. D.) Deep maroon, almost black, rose colored reverse and curled petals. Blooms early and profusely. Large flowers. Each 75c.

Graf Zeppelin. (F. D.) A beautiful snow white dahlia. Each 50c.

Improved Warner. (F. D.) Greatly improved over the old Warner, both in color and stem. Blooms are of glistening mauve pink, far more pleasing to the eye than the color of its parent. Each 35c.

Jane Cowl. (F. D.) Warm buff and old gold blending to apricot and rose at center. An old favorite. Each 40c.

Jersey Triumph. (F. D.) A Jersey Beauty in Autumn color, bright copper flushed with salmon bronze. Each 75c.

Jersey Beacon. (F. D.) Free Bloomer, bright scarlet, slightly paler on the reverse, giving a two-toned effect. Each 30c.

Jersey Beauty. (F. D.) Large perfectly formed flowers of glowing pink, held upright on long wiry stem over a well branched bushy plant. Each 25c.

Kathleen Norris (F. D.) True rose pink, later deepening to mellow pink, but paler in young central petals. Tight center, good bloomer, excellent keeper. Each 75c.

Kentucky. (F. D.) Pure salmon pink, similar in habit and form to Jersey Beauty. Each 35c.

Monmouth Champion. (F. D.) Strong vigorous grower, producing extra large flowers of brilliant orange flame. A splendid exhibition cut flower. Each 60c.

Margaret Woodrow Wilson. (F. D.) White suffused orchid, reflex darker. Each 35c.

Omar Khayyam. (F. D.) Chinese red at the base, shading to a bright orange, tipped lighter. Sensational variety. Each \$1.00.

Queen of the Garden Beautiful. (F. D.) Huge and primrose-yellow flowers on long strong stems, very resistant to insects. A favorite variety. Each 75c.

Watchung Sunset. (F. D.) Strong, healthy plant carrying its large well formed flowers above the foliage. A deep shade of old rose. Very beautiful. Each 35c.

White King. (F. D.) Pure white. Sport of Francis Larocco. Free flowering and plainly formed. Each 50c.

DAHLIAS MIXED SHADES

These are not labeled as to variety. Large, healthy divisions in the following colors:

Red and Red shades — Orange and Orange shades

Maroon and Dark shades — Pink and Pink Shades

Yellow and Yellow shades — White and White shades

Purple and Purple shades

Any of the above each 25c, 6 tubers \$1.00.

POMPON DAHLIAS

A miniature form of Ball Dahlia, very popular and very valuable for table decorations. We offer you here one of the finest selections in Pompons.

Archilles. Light Pink.

Amber Queen. Deep Amber.

Bronze Beauty. Bronze.

Brunette. Maroon and White.

Buddy. Rose Red.

Clarissa. Light Yellow.

Janet. Orange.

Joe Fette. White.

Any of the above each 25c, doz. \$2.50.

AQUATIC DEPARTMENT

Our Aquatic Department, staffed by expert Aquarists, is in a position to not only fulfill your every want in the most capable manner, but also to guide and instruct the amateur in his hobby as he progresses, whether his fancy be pond plants, such as tropical and hardy lilies, bog plants, decorative gold fish etc., or the aquatic denizens of the home aquarium, which includes both the glorious tropicals and fancy gold fish with a complete line of tank-grown plants and accessories of unquestionable quality. Our prices, as will be noted, are modest in consideration of our guarantee of superior northern grown and acclimated stock.

WATER LILIES

You can plant hardy Water Lilies from the beginning of May until the latter part of August. The tender tropicals not before June. We are in a position to furnish locally acclimated (not Florida or California grown) plants, of all the up-to-date varieties in both hardy and tropical Lilies. A few of the most popular are listed and priced below.

LOTUS DENTATA. White. Night-bloomer. \$1.25.

Are you growing the new Tendergreen Mustard Spinach?

FLOATING PLANTS

AZOLLA. Small crinkly, green plants. Strong sunlight turns Azolla a deep red. Per portion 25c.

DUCK WEED. Appears as a series of green polka dots on the surface. Hardy. Per portion 25c.

SALVINIA. Dainty soft green leaves. The growth forms an attractive chain of these leaves which are about 1/4 inch in diameter. Per portion 25c.

WATER FERN. Leaves greatly resemble garden lettuce. 2 for 25c, \$1.25 per doz.

SHELL FLOWER OR WATER LETTUCE. A rosette of fluted blue-green velvety leaves. Grows best in shady pools. 3 for 50c, \$1.50 per doz.

WATER HYACINTH. Shiny dark green leaves. The orchid-like flowers of lavender form a spike like that of the true Hyacinth. 2 for 25c, \$1.25 per doz.

WATER CHESNUT. Hardy, resembling the Water Fern with small white flowers. 2 for \$1.00, \$5.00 per doz.

WATER SNOWFLAKE. A lily-like plant, covered with dainty white flowers. 2 for 50c, \$2.00 per doz.

SUBMERGED OR OXYGENATING PLANTS

ANACHARIS. Dark green foliage, lighter stems. 15c each, \$1.50 per doz.

CABOMBA. Glossy green, fan-like leaves. 15c each, \$1.50 per doz.

LUDWIGIA. Foliage green above, pink beneath. 15c each, \$1.50 per doz.

MILFOIL. Fine, needle-like green leaves in bushy formation. 15c each, \$1.50 per doz.

SAGITTARIA SINENSIS. Dark green leaves. Strong growing plant. 15c each.

SAGITTARIA SUBULATA. Dwarf 75c per doz., \$5.00 per 100.

SOUTHERN SPATTERDOCK. Broad, light green leaves. 15c each, \$1.50 per doz.

VALLISNERIA. Long, ribbon-like leaves. 40c per doz., \$4.00 per 100.

SACRED LOTUS (Nelumbium)

EGYPTIAN LOTUS. Tubers, \$1.50.

AMERICAN LOTUS. Tubers, \$1.50.

JAPANESE LOTUS. Tubers, \$1.50.

ORNAMENTAL VARIETIES

CRYPTOCORYNE. Thrives in deep shades. Graceful, dark green leaves. 75c each, \$2.00 for 3.

WATER POPPY. Will bloom in aquarium. Does best in pots of soil. 15c each.

SHALLOW WATER AND BOG PLANTS

ARROWHEAD, DOUBLE FLOWERING. Develops a spike of double petaled white flowers. 75c each.

ARROWHEAD, GIANT. Grows 1—3 feet above the water. Flowers freely in a series of white spikes. 50c for 2.

BUTTERFLY LILY. A tall canna-like plant with large leaves. White or yellow \$1.00 for 3.

CALLA LILY. The foliage is dark green with translucent spots of creamy white. Yellow or white \$1.00 each.

COMMON CATTAIL. A favorite swamp plant. Hardy. 50c for 3, \$1.50 per doz.

GRACEFUL CATTAIL. A tall variety, more completely developed. 50c for 2, \$2.00 per doz.

FLOWERING RUSH. A hardy plant with peculiar three-sided leaves in graceful clumps. Pink flowers. \$1.00 for 3, \$2.50 per doz.

FORGET-ME-NOT. Clear blue flowers with a yellow eye. Hardy. \$1.00 for 4, \$2.00 per doz.

HARDY CALLA. Like a Calla Lily, but much smaller in size. Hardy. 50c for 3, \$1.50 per doz.

IRIS (Yellow Flag). A tall, sword-leaved plant bearing broad yellow flowers of the jap. Iris type. Hardy. \$1.00 for 3, \$2.50 per doz.

IRIS (Blue Flag). Exactly like Yellow Flag except that the flowers are blue. \$1.00 for 3, \$2.50 per doz.
